## IN MEMORIAM

---

On April 25, 1912, we were called upon to separate from Special Police Officer George E. Mace, who died at his home quite suddenly of Bright's disease. In the discharge of his official duties, which covered a period of many years, he was courteous and obliging, and was ever ready to assist the unfortunate that came under his care. A good citizen and official, a kind and considerate husband and father has gone out from us.

## REPORT OF BOARD OF HEALTH.

---

There is little to say in regard to the work of this Board for the year just past.

Fortunately there has been little contagious disease and the expense accordingly is less than for some former years. The cases of this class should be less and less as the people learn to look out for themselves better and to take care and not allow infection to be spread around. The continued neglect on the part of a few parents in town to keep children from school when suffering from communicable disease renders it again necessary to call attention to the fact that it is a plain violation of the Statute Law to allow any child to attend school when afflicted with any disease which can be communicated to another.

It makes no difference whether the affliction be considered dangerous or otherwise. There are some ailments which, while perhaps not considered particularly harmful, are still disagreeable and dirty and hence objectionable to the majority of persons.

It is expected that the teachers will co-operate with this Board in this matter and that whenever in doubt as to the condition of the child send him home until the doubt is cleared up rather than allow him to expose other children to possible infection.

The School Committee should also work in entire harmony with this Board if the regulations in regard to health are to be of the greatest value.

HENRY L. SWEENEY,  
J. W. PRESCOTT,  
A. F. NASON,

Board of Health.

## LIBRARY REPORT.

---

The Library and its reading room are of sufficient age to have demonstrated their value in the community and words are not needed upon that point. The arrangement with Sanborn Seminary, by which the town increase of books is doubled and enriched by many books of substantial and permanent value, is most satisfactory to all concerned.

Few investments made by the town count for more than the money that is spent in this way. Books have been added only once by the Trustees during the past year, but it is a satisfaction to be able to report money in the treasury so that another installment may be made before the appropriation for the coming year is received. The Trustees recommend that the appropriation be, as usual, one hundred dollars,

By the removal from town of Rev. Fred V. Stanley, at the end of the Spring term a vacancy was formed in the Board which Mrs. Flora E. Hilliard was duly appointed to fill, according to law, and she has served for the remainder of the year.

**REPORT OF THE SCHOOL BOARD.**

---

The School Board is convinced that the all important matter in connection with the schools is teachers. There never has been a time during the last ten years when securing competent teachers has been so difficult as it was last year, but on the other hand there never has been a time when we have had so many well trained teachers upon our list as now.

On the whole we feel that in this respect we have been fortunate, and we recommend no abatement in the effort to secure, whenever changes must be made, the very best available.

Over against the fact that expenses have increased may be put the fact that a considerable sum paid our normal school and certificate teachers will be received back from the State.

A feature deserving special notice is the improvement shown in our roll of honor. Last year the number of pupils having perfect attendance was two, this year it is three; those not absent or tardy for two years were eight, this year it is 21; those for one term were 17, this year they numbered 31. Three schools that did not appear upon the roll at all last year now come forward with 29 names, and two of those names represent perfect attendance for the year. These last two, and the third in the same group, seem to deserve special mention. They are Mary Carter of School No. 2, Henry C. West of School No. 4 grammar, and Rodney McGrath of School No. 5.

There will be needed \$1,000.00 for High school tuition and \$250.00 for books and supplies during the coming year.
